Oh my goodness....
hugs Oh sweetheart... I can't believe your parents would tell you to do something like that. Is it actually true? Is she not dead? Then why did people confirm it with articles and such?

I don't care what all the people say. I don't care what they make you think. They will think bad of me. But, I forgive you. Some people may not and that's there choice, because i'm not them, they are them. But me, Owen, I forgive you.

@oral.rb would a four year old say that?

On the first hand, i'm relieved that skylar is alive. I hope she gets the care and support she needs. On the other hand, you probably could've told us something else that happened. I hope your sister gets well, and I forgive you a little

also, opal.rb, I think most of us are at least 10. Or we all just have a good understanding of the world and know big words ...

The reason I forgive you is because you're torn. Torn in two. Two loyalties, and I understand that. I won't explain myself out, but I know what it's like to be pulled apart. Hopefully Skylar has been getting better over this time, and if she has, then you haven't done anything wrong. If you didn't tell us that she died, then we'd be demanding to see her and putting even more pressure on you. Ignorance is Bliss. I'm not happy about the situation, but if our Hurricane becomes better than I'll be fine just hearing her through you. Tell her that Summer and everyone in the WOFMB loves her, despite previous words spoken. We love you too, but this, we won't let stain the image if you. You've been through things, and we're here now. Those who shout and scream, they don't understand. They're greedy and don't understand. They want her back, but I want her to benefit from our losses. *"If you love someone, set them free. If they come back, they're yours, and if not then they never were"* ~Richard Bach.

I forgive you, but you have the lost the trust of many forumers, including myself. Heck, I'm not even sure if I believe this post!

Anyways, I hope you guys are prepared for this threat to be shut down, because by this way it's going right now, the mods will be on us like flies on a dying fish.

Maelstrom, I'm not angry at you. I don't even understand, but I feel like I do.

I didn't exactly feel like crying, but I felt a loss for those who had a loss.

Learning this has been groundbreaking.

The world has shaken my mind.

But the truth must always be told.

I am proud of you for telling the truth.

I am proud that you broke through it and told us.

I feel as if YOU feel that your world has fallen apart, fallen into ashes.

But I believe she'll be fine. I believe she'll make it through.

I believe in my deepest heart that He won't let your sister leave you.

I need you to know.

I will always be here.

For you, and for your sister.

Tell your sister hello, if you don't mind.

@opal.rb-I think you've got your point across. You can stop now.
@Everyone-You need to calm down. I'm surprised no one has reported this thread yet. I mean, you and I both know that someone will. And when that happens, this thread will be locked, and there might be bans heading our way. So let's all just calm down, forgive or be mad at Maelstrom inside, or in a less ban-inviting way. Got it? Good.

why are uppercase and lowercase letters a thing? why don't we just write in all caps or all lc.? it's basically just western languages that do this? is this another relic of our eurocentric mentality and world? if so, i reject this way of life

Maelstrom, can i ask you a question?

When you lied about Hurricane, did you feel guilty or triumphant when it went viral over the forum?

(Everyone, I'm not attacking in just asking a question. To be honest in a little shaken because i stood up for her.)
